2018 Rural Water Awards *Application form*

Information on the work that has delivered better water outcomes for your property:
(see *Terms and Conditions for Judging Criteria*)

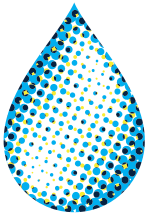

Have you previous nominated, been a regional level winner or a state level runner up of a past Rural Water Award program?

Describe how the new work or practice is innovative.

What were the costs involved to you?

What benefits have you noticed?

What were the barriers to implementing the new work or practice and how were they overcome?

2018 Rural Water Awards *Application form*

Has this new work or practice been taken up by others or recognised as best practice? If so, please describe. If not, does it have the potential to be and if so, what steps are planned to do this?

Notes: Feel free to send copies of photos to support your nomination or to references, testimonials or letters of support (relevant newspaper articles, awards, certificates).

Rural Water Award category²: (please select one)

Irrigation district water users - draws water directly from your local water corporation's rural supply system.

Groundwater users – bore water.

Surface water users – diverts water directly from a waterway.

Community and Education group – schools and community groups that draw water from any rural water source.

Farm to Plate - sites that manage the whole supply chain; from production of raw produce all the way through to the retail market.

Declaration

I/We have read the Terms and Conditions of Entry³ and agree to abide by them. I accept that the judges' decision is final.

Please print or save the completed and signed application form and return it with any other supporting materials by post or email (refer to the Awards kit for details).
